Owners Ron & Judy Space formed this family owned and operated moving company in 2001. It is located just 4 ½ miles East of Palmetto Creek on Rt. 211. They have seven trucks and will move anyone local or on the East Coast. According to a couple of current residents they are very reasonably priced (two men start @ \$85.00/hour) and are very responsible movers! Longer distant moves are based on weight and distance. Their motto is "our family moving your family." They will pack for you or you can do it yourselves & they carry packing supplies. Estimates are free! Incidentally, it is nice to know that no day help is used. They have 6+ employees, have NC Utilities Licensing & are insured.

Editor's Note:

These movers did a local and a long distance move for us.

They really take care of your belongings and your home. They **carry** the boxes **and furniture** to the spot on the floor where they go— no dollies or hand carts to scuff up your home. These guys are **STRONG !!** (and careful).
