Judy, I wanted to write and thank you and Ron and the rest of the TEAM that moved us from Arlington, VA to Southport, NC. Having moved several times throughout my military career, I know first hand what a chore it can be. But Premium Movers changed all that – your TEAM is professional, timely, courteous, flexible, good communicators, etc...

It was the "BEST" and less "Stressful" move ever!! Not only that, but when we arrived in Southport, our rental home was not ready. After telling Ron of our dilemma, he put together on the fly – addition staff to move the owner's furniture and other items to the basement; hired a cleaning crew; had someone clean the carpets; and had a couple of more people assist with unpacking!! You even assisted with one of our vehicles!!

I do not think another Moving Company would even listen or even try to tackle these requests!! Ron was very attentive, resourceful, and resolved all of these problems at the drop of a hat – and RON got it done, in again - a very professional, timely, courteous and methodical fashion!!

You guys are simply "THE BEST" at what you do and Michele and I are very appreciative and grateful that we chose you to move all of our possessions!!

Very Respectfully, Bob & Michele  
St James Plantation

Thanks again to the "Best" move we ever had!!  
Bob & Michele
