They just packed and moved us from Arlington, VA a couple of weeks ago; did an EXCELLENT job; beat out the price of two other national movers; on time; communicate well; professional; Judy & Ron the owners are at 910 253 6714. They were flexible enough when we arrived here and there were problems in the rental - Ron jumped on it and had cleaners here, moved items left by the owner downstairs, had the carpets cleaned!! They excel in anything/everything you can possibly request - hands down the best movers we have ever used.
