Dear Judy and team,

We want to once again thank you for a super, job-well-done, last week in coordinating our move, ensuring everything went smoothly, and that nothing was damaged.

Please share our special recognition and appreciation to Eric and Terrance for their hard work, and efforts on a very hot, long day. Both gentleman were so kind, caring, friendly, considerate, respectful, helpful, and positive... all the ideal values in professional movers.

They were always smiling throughout the day. Moving is stressful and chaotic. Your two representatives made it much less so for our family.

Thank you again,

Byrl Lamoreaux
