

I just relocated to St James from GA in mid May. I too, sought help from St James residents via Ask Judy and the overwhelming response choice was **Premium Movers, 2992 Southport-Supply Rd (Hwy 211), Bolivia. [910-253-6714](tel:910-253-6714)**. They're just a few miles south of St. James. They were EXCELLENT! I had packed up my home about 80%, (with some items stored locally to stage the house for sale) and Premium collected those items, then packed up my kitchen, master bathroom & closet, emptied the house onto the trucks in 1 1/2 days and we were off. Premium "loans" you wardrobe boxes for your clothes. When you arrive either at your new home or a rental, they'll unload clothing into closets & take back the wardrobes. Judy will walk you through the process regarding what movers need to bring based on your home size, furniture & what is needed or is already done, with regard to personal, kitchen, & knick knock items. You can be as detailed with her as possible, she's patient and very experienced. This company is loyal to their clients. Premium initially said they'd send 1 big van but ending up sending 2 long trucks. As a result of their decision, they only charged me gas & weigh station fees for just 1 truck. I was really pleased they were "fair" to us as their client.
